A. Encroachment Threat

Please contact the appropriate military Service representative (see the RFP) for information on the next two questions.

1. Strategic Military Benefit and Summary of 2018 Challenge Focus Areas

Briefly describe how the project fits into a coordinated and comprehensive approach to preventing or managing encroachment; and address how the project incorporates species crediting, water supply protection, and/or water rights acquisition into the proposed action.

2018 Challenge Focus Areas (*check all that apply*): Species Crediting Water Supply Water Rights

2. Encroachment Threat

Briefly describe the encroachment threat to the military mission that this project addresses. Include specifics regarding restrictions on military activities that this project will help to prevent, reduce or mitigate.

B. Justification under the 10 U.S.C. 2684a Statute (choose either 3-a or 3-b)

- 3-a: Briefly describe the current status/use of project land, and the likelihood that the project land will be incompatibly developed.

- 3-b: Briefly describe the threatened and endangered species and/or species at risk, and their habitats, within the project land or that affect the military mission as well as the status of USFWS coordination efforts, if applicable.

C. Project Finances

Please provide an overview of the proposed financing for the project, including cash funding sources, bargain sale opportunities, below fair market value sale opportunities, land exchanges, in-kind contributions, etc.
