

Enviva Forest Conservation Fund – Contingency Fund Criteria

Project Name (100 characters)

Contact (Organization, name, address, email, office and mobile phone)

Brief Project Description

Include financial request, total cost of project, protection technique, acreage, forest type and town, county, and state of project.

Example: The Coastal Land Trust requests \$50,000 toward a total acquisition cost of \$1 million to purchase a permanent conservation easement on 200 acres of bottomland hardwood forest adjacent to Swampy Ridge State Forest in Gloucester, Essex County, Virginia.

Property Summary

Conservation context--describe how this property helps implement published conservation plans and describe timing constraint (**why we need to act prior to standard fund cycle**). Note public access if any.

Enviva Forest Conservation Fund

Acquisition Summary

Total Easement/Fee Simple Acreage	Fair Market Value of Easement	Target Closing Date

Additional Information

Anything we should know about the property to help us make a decision

Attachments

- .pdf map and shapefiles for the parcels in a compressed folder: Appraisal and photos.
 - o Recommended specs: 1500 x 2100 pixels min. 800 KB
 - o File type: jpg, eps, tiff, psd (at a resolution of 300 dpi) or .ai and eps

Enviva Forest Conservation Fund

Publicizing the Grants

The Enviva Forest Conservation Fund has attracted significant interest from community leaders, elected officials and the media. Grant recipients may be asked to coordinate with the Endowment and Enviva to announce grant awards and, at the appropriate time, to provide the local community and conservation interests with more details and photos highlighting the project.
